Confirmation of compliance with RoHS

January 7, 2026

-EU Directive 2011/65/EU (RoHS)
-Delegated Directive (EU) 2015/863 of March 31, 2015

Dear Sir or Madam,

We hereby confirm that our products comply with the current Directive 2011/65/EU, including the extended adaptation of Directive 2015/863 and all RoHS standard additions without exception, in accordance with Annex III.

We have made this confirmation to the best of our knowledge and belief.

We do not carry out tests for the presence of the substances mentioned in these guidelines. We refer to the information provided by our material suppliers.

All products delivered to you comply with the requirements of the current RoHS Directive. All our manufacturers are also obliged to supply us in accordance with the directive.

As a supplier of individual electronic components that are not delivered to the end user as a finished product, CE marking is not required in accordance with Article 7c of Directive 2011/65EU.

Best regards,

Thomas Duft
